## High Efficiency Lighting: Harvester™ Outdoor Lighting Package L001

SolarOne™ Solutions presents a new 26-watt outdoor lighting package for The Harvester™, Micro-Utility power platform. This 12-volt floodlight fixture is water-tight and is suitable for outdoor use in all climates. The compact fluorescent bulb is rated for 10,000 hours of operation at which time the bulb is easily replaced. The Harvester Outdoor Lighting Package provides light for camping, outdoor events, and security lighting. Use up to two 26-watt fixtures with each Harvester.

For complete specifications on the Harvester™ power platform please see product specification sheet HM001 to HM010.
